

# Windows Styles

We offer a selection of styles that can be combined into a variety of ways. Styles include casement, awning, picture, fixed, basement hopper, single slider, and single hung.

These can be made into variety of architectural shapes such as bays, bows, rakeheads, peakheads, rounded or elliptical.

We have a variety of large variety of brickmolds and jambs that can reach any wall depth.

## Casement

Hinged at the side, open to a full 90 degrees, providing excellent airflow as well as fire escape for bedrooms.

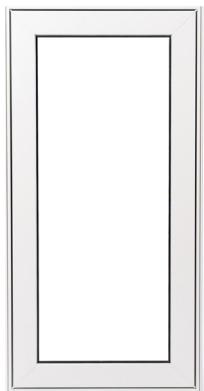

## Awning

Hinged at the top and swing out from the bottom, providing protection from the elements while open.

## Single Slider and Single Hung

Ideal for patios and walkways, operates smoothly and sashes tilt for easy cleaning.

## Fixed Frame

Larger frame provides the same look as an opening sash and when mullied to a casement or awning the glass size will line up.

## Picture Frame

Slim frame provides more glass size for smaller windows.

# Windows Styles

## Inswing Hopper Top Hinged

Venting window for existing basements

## Inswing Hopper to the Side

Provides the most escape opening for smaller existing basement windows.

## Bays and Bows

We are your experts in custom made bays and bows for renovations and new construction.
